

Happy New Year

We hope this message finds you well, and although we're a little late, we'd like to wish you all a very Happy New Year. Thank you for your continued support throughout last year – we genuinely appreciated your business.

As we move through 2026, we're excited about what's ahead. This year, our focus is on expanding our product ranges, improving stock availability, and continuing to support installers with reliable, high-quality CCTV, networking, and AV solutions.

We're also investing in new product lines, and clearer communication to make ordering from us even easier.

We look forward to working with you throughout the year and sharing updates, new arrivals, and exclusive offers along the way. Here's to a busy, successful 2026 for us all.

Hikvision video intercom solutions are built for professional installation and scalable deployment. Supporting IP, 2-wire, and 4-wire architectures. They suit residential and commercial projects, upgrades and retrofits.

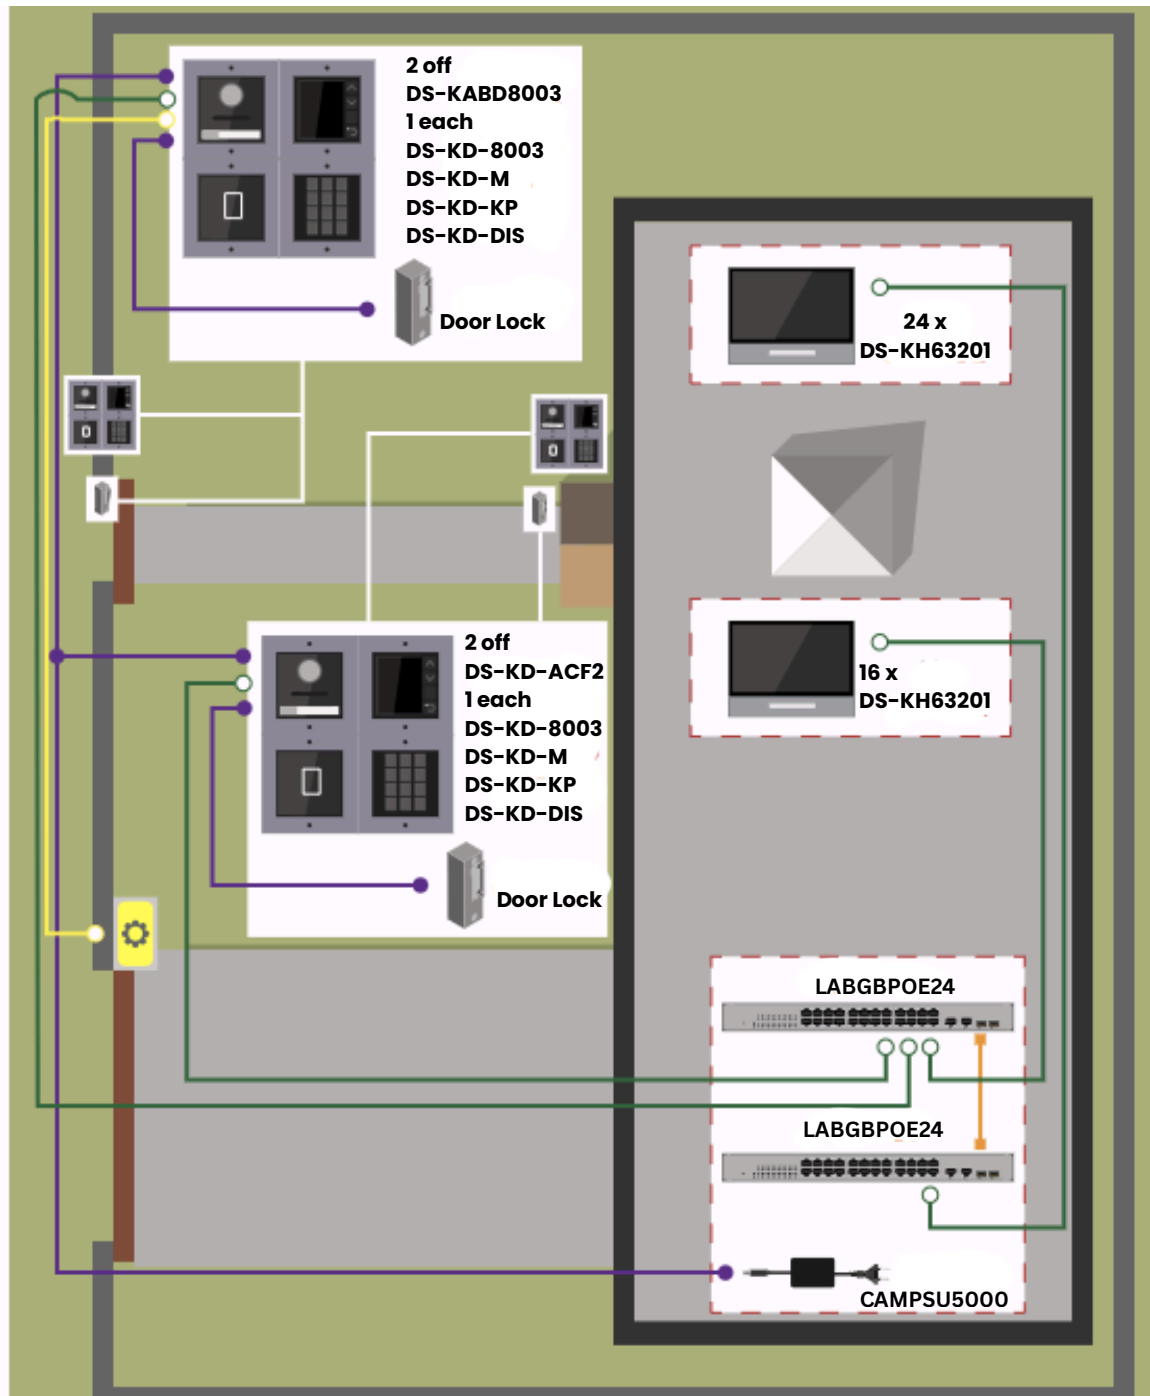

With reliable performance, centralized management, and integration with security systems, they enable efficient installation and long-term value.

The drawing below shows a plan for installation of an IP based video monitored door access system for a forty apartment block.

It can easily be scaled for more or less apartments.

If you want more information or a quotation for a Hikvision door access system please feel free to call us on 049 433 8100 or 049 433 8555.

Hikvision IP video door entry system for 40 apartments.

Two identical door stations (gate and entrance) using: **DS-KD8003-IME1(B)** camera modules, **DS-KD-M** Mifare readers, **DS-KD-KP** keypads and **DS-KD-DIS** displays, surface-mounted at the gate in **DS-KD-ACW2** frames with canopies.

Flush-mounted at the entrance in **DS-KD-ACF2** frames, gate controlled via the main module's second relay, **DS-KH6320-WTE1** indoor monitors in all flats, and networking via two Labgear 24-port PoE switches.

100% Technical Backup on Everything We Sell
